LETTER FROM SA SCHOOLS SQUASH

It is both a privilege and an honour to welcome all participants to the Sally White SA Schools Under 13 Inter-provincial Tournament. This year, it is particularly special and heart-warming to know that the Sally White Under 13 IPT takes place on her "home-ground" in KwaZulu Natal after several years.

Our legendary Sally will be representing SA Schools Squash at the event this year. We thank her for her immense contribution to the growth of squash in the province and across the country in so many ways. I trust that Sally will be able to enjoy the fruits of her labour and celebrate with all involved at the event this year.

Although the week will be filled with energy, teamwork, and much determination on court, the values of discipline, perseverance, and teamwork that sports teach, and the spirit of sportsmanship and friendships that will be developed and fostered are equally significant. While the teams will be competing for medals, and at the same time participating to enjoy the spirit of the game, it must be remembered that squash is about far more than just winning. Squash teaches resilience and the power of never giving up. It teaches athletes about pushing the limits, supporting their teammates, and embracing both victory and defeat with grace. In essence, sport, and in our case Squash, teaches young athletes to learn how to "do life".

I encourage every participant to give of their best, to support their friends and teammates, to respect their competitors, and most importantly, to have FUN and enjoy the wonderful privilege and honour of representing their province while playing squash.

I wish to express my most sincere appreciation to Andrew Morgan, Nola Faber and their support team, for the work they have done in preparation for the 2025 Sally White Under 13 IPT. They have worked tirelessly to ensure you will all be well-looked after. They have done so to ensure that all the players and managers experience an enjoyable and hospitable stay at Kearsney College and surrounds.

Sincere appreciation goes to all the parents that have invested heavily in the to afford their children this privilege and opportunity of participating in this prestigious event.

Much gratitude also goes to all the team managers and administrators who have given of their time and resources to enable the teams to participate in this wonderful tournament. It is thanks to your service that our young children can enjoy this wonderful privilege.

To the players, play hard, play fair, make friends and unforgettable memories. Let the games begin!

MARGO MORGAN

CHAIRPERSON: SA SCHOOLS SQUASH

LETTER FROM KZN SCHOOLS SQUASH

Dear Players, Parents, and Managers,

Welcome to the Kingdom of the Zulu, welcome to sunny KZN and the home of the Sharks! We are delighted to host the 2025 Sally White Interprovincial U/13 Squash Tournament at the beautiful Kearsney College located in Hillcrest. For many of you, this will be the first major tournament playing as a team. U/13 is all about making friends and developing a love for the game of squash. It's about fierce competition but many laughs. It's about trying your best but also learning that it's not all about winning or losing; it's about learning and loving the game we call squash.

To all the adults watching and supporting your kids, remember it's not you playing, it's not your dreams, it's theirs. So support and love watching your kids play for their province.

A big thank you to Nola Faber, Andy Morgan our tournament director, and to my KZN Team for all your hard work and many, many long hours sacrificed to get the Tournament off the ground.

We welcome you all, Wamukelekile bafethu. Welcome friends.

Sincerely,

DALMAIN STRYDOM

CHAIRPERSON: KZN SCHOOLS SQUASH
